PRIVACY POLICY

The Privacy policy below describes how **Numberstacks.co.uk** collects and uses information about its customers and website visitors (You or The Users).

What information does Numberstacks collect from its Users?

Membership Details:

Numberstacks collects different types of personally identifiable information in order to be able to provide its services to You. Such information may include but is not limited to name, mailing address, telephone numbers, email addresses and other. Users provide all such information voluntarily through various order forms, email messages, telephone, personally face to face etc.

Payment Information:

All payments made to Numberstacks are processed by Paypal. Payments can be made from a User's own Paypal account or by using a credit or debit card. All card and bank details are kept secure by Paypal and are never sent to, seen or stored by Numberstacks.co.uk.

Cookies:

Numberstacks also collects different types of non-personally identifiable information that may include referral URL's, Users' IP addresses, Users' use of website, etc. Some of this information is collected through Cookies, which are small pieces of data that are sent to your browser from a web server and are stored on your computer's hard drive to help Numberstacks identify you as the User.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me", your login will persist for two weeks. If you log out of your account, the login cookies will be removed

You have the choice to modify your browser and thus to reject these cookies.

Embedded content from other websites:

Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website.

These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.

How does Numberstacks use the information it collects?

Numberstacks uses all collected information primarily for providing the services you have ordered and to facilitate on going User support. We may also use your information for sending periodic emails announcing important service changes, new features, technical issues, updates etc…

You can decide NOT to receive such emails by replying to any of them with "Unsubscribe" in the subject.

How long we retain your data

For users that register on our website, we store the personal information they provide in their user profile. All users can see, edit, or delete their personal information (except their username) at any time using the form on the Members page. Website administrators can also see and edit that information which will be held for as long as your user account is active.

If you have an account on this site, you can request to receive an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you, which will also end your access as a registered account holder.

Requests can be made by contacting support@numberstacks.co.uk

Does Numberstacks disclose Users' information to third parties?

All personal information collected by Numberstacks is treated as strictly confidential. We may disclose User's personal information if required by law.

Numberstacks may transfer Users' personal information on the occasion of a sale of the company's business.

What does Numberstacks do to prevent loss, misuse or alteration of Users information?

Numberstacks.co.uk has a valid SSL certificate. We strictly apply all industry standard security measures to protect your personal information. Such measures include without limitation: data encryption, password protected access to Users' personal information, limited access to the sensitive data, encrypted transfer of sensitive data submitted by the User through order forms, login forms etc.

There may be security and privacy limitations, which are beyond our control. By choosing to provide personal information to Numberstacks, you understand and agree that the security, integrity and privacy of your information cannot be 100% guaranteed.

Numberstacks reserves the right to change this Privacy Policy at any time. Such changes will become effective and binding after their posting on the numberstacks.co.uk website. You agree to regularly review this Privacy Policy for revisions and updates. By continuing to use Numberstacks services and website after any posted revision, you agree to those changes.

To report an incident of abuse, please email: support@numberstacks.co.uk
